Dear Parent,

## SUBJECT CHOICE TESTING

As you know, one of the most important educational decisions you and your teenager have to make is to choose subjects for Grade 10 that will be done in matric.

To help you with this, the school has arranged with Dr Louise Holman to run Subject Choice assessment session at the school on Friday 4<sup>th</sup> May.

The cost of the test and report is R350 (cash only), to be paid in advance to the office.

Dr Louise Holman is an Industrial Psychologist and resident of Kensington. She has written three books on career guidance and has more than 25 years' experience in schools of testing and helping people reach their full potential. The tests she has developed are the only culture-fair tests in South Africa, and the only ones especially for subject choices. We are extremely fortunate to have her conduct the tests personally as she usually only makes them available through her national network of associates.

You will receive a personal report, giving:

- Career interests.
- Strong academic areas.
- Academic areas that may need developing, and how you can help at home.
- Approach taken to schoolwork and studies.
- Taking all this into account, suggested subject choices for grade 10.

Results will also be used by teachers to ensure that your child gets exactly the attention needed to improve his/her quality of education. This will be invaluable in helping to get good marks and as a first step towards the most suitable future career.

Booking is essential. If you would like to participate, please book with the office.

You are also welcome to phone Dr Holman on 082-463-3710 to speak to her personally about the testing session.

*This is a professional service with information kept confidential. You are guaranteed no-one will contact you to sell expensive study skills or other courses.*

Kind Regards,

MR W.J. DE BEER  
 Principal - College
